

Changes to South Norwalk's Webster Lot Ease Congestion and Make Parking Easier

Changes to Take Place August 1, 2010

Norwalk, CT (July 21, 2010) - The Norwalk Parking Authority is pleased to announce several changes to South Norwalk's Webster Lot as of August 1, 2010. The following changes will make parking easier for both permit and non-permit parkers:

- Removal of the gate and the addition of more convenient pay-by-space stations to alleviate crowding at peak times.
- New solar powered pay stations will accept both credit cards and cash.
- 15 minute free parking will be available in specified areas.
- Access cards for permit parkers will no longer be necessary, thanks to a new license plate recognition system.
- Customer service ambassadors will be available to help parkers.

"The new changes to the Webster lot will make for a much more efficient parking experience," says John Federici, Chairman of the Norwalk Parking Authority. "Our hope is that the public will appreciate the changes and that surrounding businesses will benefit from increased traffic to South Norwalk."

The Webster Lot's grand re-opening is scheduled for September when an information kiosk will provide information on parking and South Norwalk attractions.

The Norwalk Parking Authority is a financially self-sustaining organization responsible for the operation and maintenance of the municipal parking system in Norwalk. The Authority is committed to collaborating with community organizations while providing exceptional customer service to parking customers.
