INTRODUCING THE NEW

Call Ahead Program

AT THE SOUTH NORWALK RAILROAD STATION

As part of our continuing efforts to better serve you, the Norwalk Parking Authority is happy to announce our new *Call Ahead Program*, which is designed to make your commute a little bit easier. The program encourages commuters to *call ahead* to check on parking availability *prior* to leaving for the station. Should the South Norwalk Railroad Station be fully occupied commuters who contact our office prior to arriving at the station will be made aware of the current occupancy levels and will be encouraged to park at the Webster Parking Lot located at Dr. Martin Luther King Boulevard and West Washington Street. South Norwalk Railroad Station monthly parking permits will be honored at the Webster Parking Lot Monday through Friday during typical commuter hours only. Regular hourly fees will apply to non-permit parkers.

It's that easy! To get the information you need to make your commute better, please contact **The Parking Authority's CUSTOMER SERVICE OFFICE** at:
